19, हार्डिंग रोड, पटना।

दिनांक- 01.12.2023 को बिहार तकनीकी सेवा आयोग, कार्यालय पटना में **Selection of Agency for Providing Jammers Services Work at Bihar Technical Service Commission (BTSC) से संबंधित Queries and Clarification.**

क्र० सं०	Bidder Name	Requirement as per Bid	Queries	Clarification
01	ELECTRONIC CORPORATION OF INDIA LTD. HYDERABAD	Permission, if any, required, for the installation of the equipment at different places from the local authority/competent authority may be arranged by the awardees itself.	It may Please be noted that as per the Cabinet Secretariat Guidelines the Exam Conducting Board has to apply to Cabinet Secretariat for the permission for use of Jammers in their exams as per the prescribed format. The cabinet security guideline and the format for application is available on cabinet Secretarial (Security) Website.	Accepted
02			As Per CABSEC Policy, Permission for installation/ deployment of Jammers is required to be obtained by the Exam Board for conduct of examination at respective exam centers.	Accepted
03		During the period of examination, Jammer facility shall not be interrupted due to any technical fault / power failure etc. and the Agency shall take due care of proper functioning of Jammers with adequate power backup during the conduct of examination and as per the time period mentioned in the work order of respective assignments.	Room Jammers does not have any battery backup as it operates only on AC Power Supply, The power backup should be catered by the exam Board in case of break/interruption in the power supply during conduct of the exam. The provision of uninterrupted power supply for the Jammers during the conduct of exam is the responsibility of Exam Centre.	Accepted
04	ELECTRONIC CORPORATION OF INDIA LTD. HYDERABAD	Jammer service should cover all examination rooms, toilets/ bathrooms within the centre.	Room Jammers are confined generally to Exam Room/ Hall for better Jamming coverage due to its limited transmitting power of 5W Per frequency band. However, based on request of Exam Board it can be deployed in toilets / bathrooms too.	Not Accepted

			In such cases, examination centers need to ensure the provision of power supply. Also, it may be ensured that the exam centers are not collocated in commercial areas as the pilferage of signals from toilets and bathrooms are more significant.	
05		The Agency shall ensure that there is no shortage of jammers for jamming the unwanted signals in any examination centre during the examination centre. Extra jammers (minimum 10% buffer jammers) in centres would be kept available in case of emergency.	Jammers are operated for limited period of time during the exam. Hence. 5% Buffer Jammers is considered sufficient to meet any exigency requirements.	Accepted
